## Foreigners' health centre and dental care charges at the Wellbeing services county of Kainuu

### Urgent treatment

Urgent treatment is provided irrespective of nationality if the severity of the illness so requires (unpredictable illness).

### Fees charged:

**EU/EEA countries or Switzerland, Australia, Quebec:** The patient has a European Health Insurance Card or an E111, E112, E121 or S1 form. For Nordic citizens, a passport, health insurance card or ID is sufficient. British citizens need a new European Health Insurance Card issued in the UK. For more information, click on the link below:

**Charges and fees are the same as for Finnish citizens.**

Patients will be charged the actual cost if they do not have the forms listed above or if they come from a country without a reciprocal social security agreement (countries other than those listed above).

### Non-urgent treatment

Non-urgent treatment is given on the basis of a doctor's assessment of the need for treatment. Non-urgent treatment refers to chronic illnesses and clinic services.

**EU/EEA countries or Switzerland, Australia, Quebec:** Border workers resident in Finland, employees posted to Finland and accompanying non-working family members, seafarers and accompanying non-working family members, and students are among those who may be entitled to non-urgent treatment. The patient charges will be the same as for Finnish citizens provided that the customer can demonstrate his or her entitlement to treatment benefits.

**Countries without a reciprocal social security agreement:** Fees are charged on the basis of actual costs.

**A person residing in Finland permanently** is entitled to the full range of health centre services.

### Fees for health centre treatment or dental care charged at actual cost (patient without a
